

Espinosa School of Baseball
Private Training Facility
37 Danbury Rd
Wilton CT

September, 2019

From Joe Espinosa:

It has been nine months since I moved into our Wilton training facility and established the Espinosa School of Baseball.

The first nine months have exceeded expectations in terms of student enrollment and player success!

We have succeeded in creating a strong and vibrant baseball training community of committed baseball players and parents in these nine short months.

The facility opened up with a Perry Hill Infield Clinic. The clinic was a smashing success-highly instructional, inspirational, and fun!

By the way, Perry's new team, the Seattle Mariners, lead the American League in Infield Defense Fielding Percentage and Fewest Errors Allowed since July. The system works!!!

Three December Special Event Clinics, including a Perry Hill weekend, are in the works. Details will be released early next month. The goal of these clinics is to supplement our student's baseball education by bringing in Major League coaches and learning about the game from their perspective.

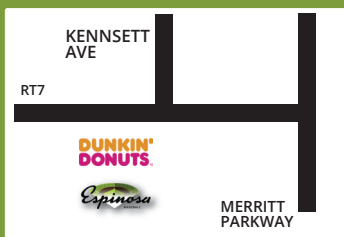

I look to 2020 with great anticipation as we build on the successes of 2019!

Please let me know if you have any questions regarding any of our programs and training methods!
